Berlin Reports Much Damage  
Done to Towns in  
England.

BERLIN, Feb. 2.—(By wire) to Sayville, N. Y.)—The German admiral's report on the zeppelin raid on England says that incendiary bombs were dropped on and near Liverpool, Birkenhead, Manchester, Nottingham, Sheffield and Great Yarmouth. Violent fires occurred. All the airships returned in safety.

The text of the official statement reads: "A German squadron during the night of Jan. 31-Feb. 1 dropped a large number of incendiary bombs on and near Liverpool and Birkenhead docks, harbor and factories; also on the Manchester iron works and black blast furnaces, and on the Nottingham and Sheffield factories and blast furnaces and finally on a large number of industrial establishments on the Humber and near Great Yarmouth (Norfolk). At all these places a powerful effect was observed from heavy explosions and most serious fires. On the Humber one battery was silenced.

"The airships were heavily fired upon from all points, but were not hit. All the airships, in spite of the enemy's efforts, returned in safety."
